Suzana's Testimony

My parents, sister and brother told me this story.

I'm the youngest of 5 children in my family and I was born in weak health, very thin, and fragile. I often suffered lingering attacks of high step fever, a disease caused by a virus that was well-known in my country of Indonesia. The virus attacked many children during the year I was born.

One time, as a one-year-old, I came down with a serious case of high fever, as was often the case. It was the highest fever I had ever had. My mom had left me for a while on my bed to make some food for me in the kitchen. She asked my eldest sister Magdalena—9 years old at that time—to look after me and reminded her to call my Mom if the fever became worse.

The Doctor came to our home and confirmed that I had died. My Dad and pastor came a few hours after that. The pastor, "Panggani," an Italian pastor, came to our home to give me the last sacrament. Then, my Dad took my small thin body in his arms and held it close to him and prayed:

“

“Oh Lord, if it is because of my sin that you take away my daughter, please forgive me, but with all my heart I ask you, please give me a chance to have her, to see her life, to see her grown up, to see her pursue her dreams. But ultimately, Your will be done Lord.”

He was crying. His tears dropped on me. He had given up. But a few minutes after his prayer, he heard

my parents, sisters and brother. The story reminds our family how great our Lord Jesus Christ is. What happened on that day is still fresh in our minds. They call me a "blessing child," and "God's loving kid."
